Computer Science and Engineering,  
Sri Shanmuga College of Engg & Tech  
PULLIPALAYAM, SANKARI-637 304.

## **NAME OF THE COMPANY : GREEFI TECHNOLOGY**

Greefi focuses on automation which makes a unique place in the world. It is into Web Development, Mobile App Development and IoT Development

### **Activities of the Company:**

- ✓ Mobile App Development
- ✓ Web App Development
- ✓ IoT Development

**Contribution of the students :** They working in the projects for the company.

### **Contribution of the Company :**

- ✓ Training
- ✓ Monitoring
- ✓ Mentoring

### **Projects completed by the students**

**Project Title :** Home Automation

**Project Requirement :** The aim of the project is to turn on and off the lights and fan off the office using android application

**Solution :** Our Solution is to fix a NodeMCU Microprocessor which has inbuilt wifi module as server and 5V Relays. And we have created mobile application to control that nodemcu in a same network.

**Delivery Status :** POC Approved, Preliminary Tests Completed.

### **Project Title: Motor Automation**

**Domain :** Agriculture Automation

**Project Requirement :** The aim of the project is to turn on and off the Water Motor based on the previous day rainfall.

**Solution :** Our Solution is to fix a Moisture sensor in NodeMCU Microprocessor which has inbuilt wifi module as server and 5V Relays.

**Delivery Status :** POC Approved, Preliminary Tests Completed.

**NAME OF THE COMPANY :** HATLET TECHNOLOGIES

**Description**

: Hatlet Technologies is a Analytics startup mainly focusing on solving random problems on many sectors Our First assignment is in EduTec h field, A group of 10+ techies and 3 statistic geeks trying to solve a very big problem in education industries

**Activities of the Company** : They are working in the following domains

- ✓ Testing (Manual testing)

**Contribution of the Company** :

- ✓ Training
- ✓ Monitoring
- ✓ Mentoring

**Contribution of the students** : They working in the projects for the company.

## **NAME OF THE COMPANY : K-TEQ SOLUTIONS**

- ❖ A team of software and app developers as well as business and marketing experts work closely with your business and make sure of developing completely customized products.

### **Activities of the Company:**

- ✓ Mobile Apps
- ✓ Web Design
- ✓ E-Commerce
- ✓ Web Apps
- ✓ Web Portals
- ✓ Payment Gateway Integration
- ✓ Web Hosting/Maintenance
- ✓ Prototyping

## **SOFTWARE PLATFORMS**

- ✓ Robotics and Artificial Solutions
- ✓ Disruptive IOT Solutions
- ✓ Reatail and E-Commerce applications
- ✓ Robotics Process Automation
- ✓ Augmented and Virtual reality applications

### **Contribution of the Company :**

- ✓ Training
- ✓ Monitoring
- ✓ Mentoring

**Contribution of the students:** They working in the projects for the company.

**The following projects are done by the our college students.**

### **Project Title: Lead Sheet Thickness Measurement Device**

<b>Domain</b>	:	INDUSTRIAL AUTOMATION
<b>Project Title</b>	:	Lead Sheet thickness measurement
<b>Project Requirement</b>	:	The aim of the project is to measure the thickness of the lead sheets used in batteries.
<b>Solution</b>	:	Our solution is to employ high precision ultrasonic and laser sensors to Calibrate the sheet thickness on the go while production. This solved the wastage that happens during batch productions.

**Automation Concept employed** : The calibrated thickness will be sent to main processing unit which in turn controls the machinery to alter parameters to produce sheets within the deviation level. This critical part decides the performance of the battery.

**Delivery Status** : POC approved, Preliminary tests completed. Waiting for scheduled downtime for final installation.

### **Project Title : Energy Monitoring**

**Domain** : INTERNET OF THINGS

**Project Title** : Energy Monitoring

**Project Requirement** : Aim of the project is to identify the power consumption in a real time for a building/machinery through mobile via internet.

**Solution** : We developed and deployed a system to calibrate the power consumption using a single node non-invasive technique which requires no tech know-how.

**Delivery status** : Installed for 3 clients. Further R & D in progress.

## Sri Shanmuga College of Engineering and Technology,

Sankagiri – 637 304

(Approved by AICTE, Affiliated to Anna University and Accredited with NAAC)  
**Shanmuga Incubation Centre Details**

### **NAME OF THE COMPANY : E2 INFO SYSTEMS**

#### **Description:**

- ❖ E2 Info systems is a customer-driven technology company. It develops innovative software to provide value to customers. Since 2010
- ❖ It provides “end to end” software to meet the business needs of customers by creating complete, reliable and economical solutions.
- ❖ It works with emerging technologies and quickly adapt to leverage it.
- ❖ Strict adherence to software engineering practices with an adept team keeps us nimble and helps us deliver most compelling outcomes for our customers.

#### **Activities of the Company : They are working in the following domains**

- ✓ Cloud Services
- ✓ Software Engineering
- ✓ Data & Data
- ✓ DevOps/Automation
- ✓ Managed Services
- ✓ Technology Partner

#### **Contribution of the Company :**

- ✓ Training
- ✓ Monitoring
- ✓ Mentoring

#### **Contribution of the students : They working in the projects for the company.**

Hello Ms. Keerthana,

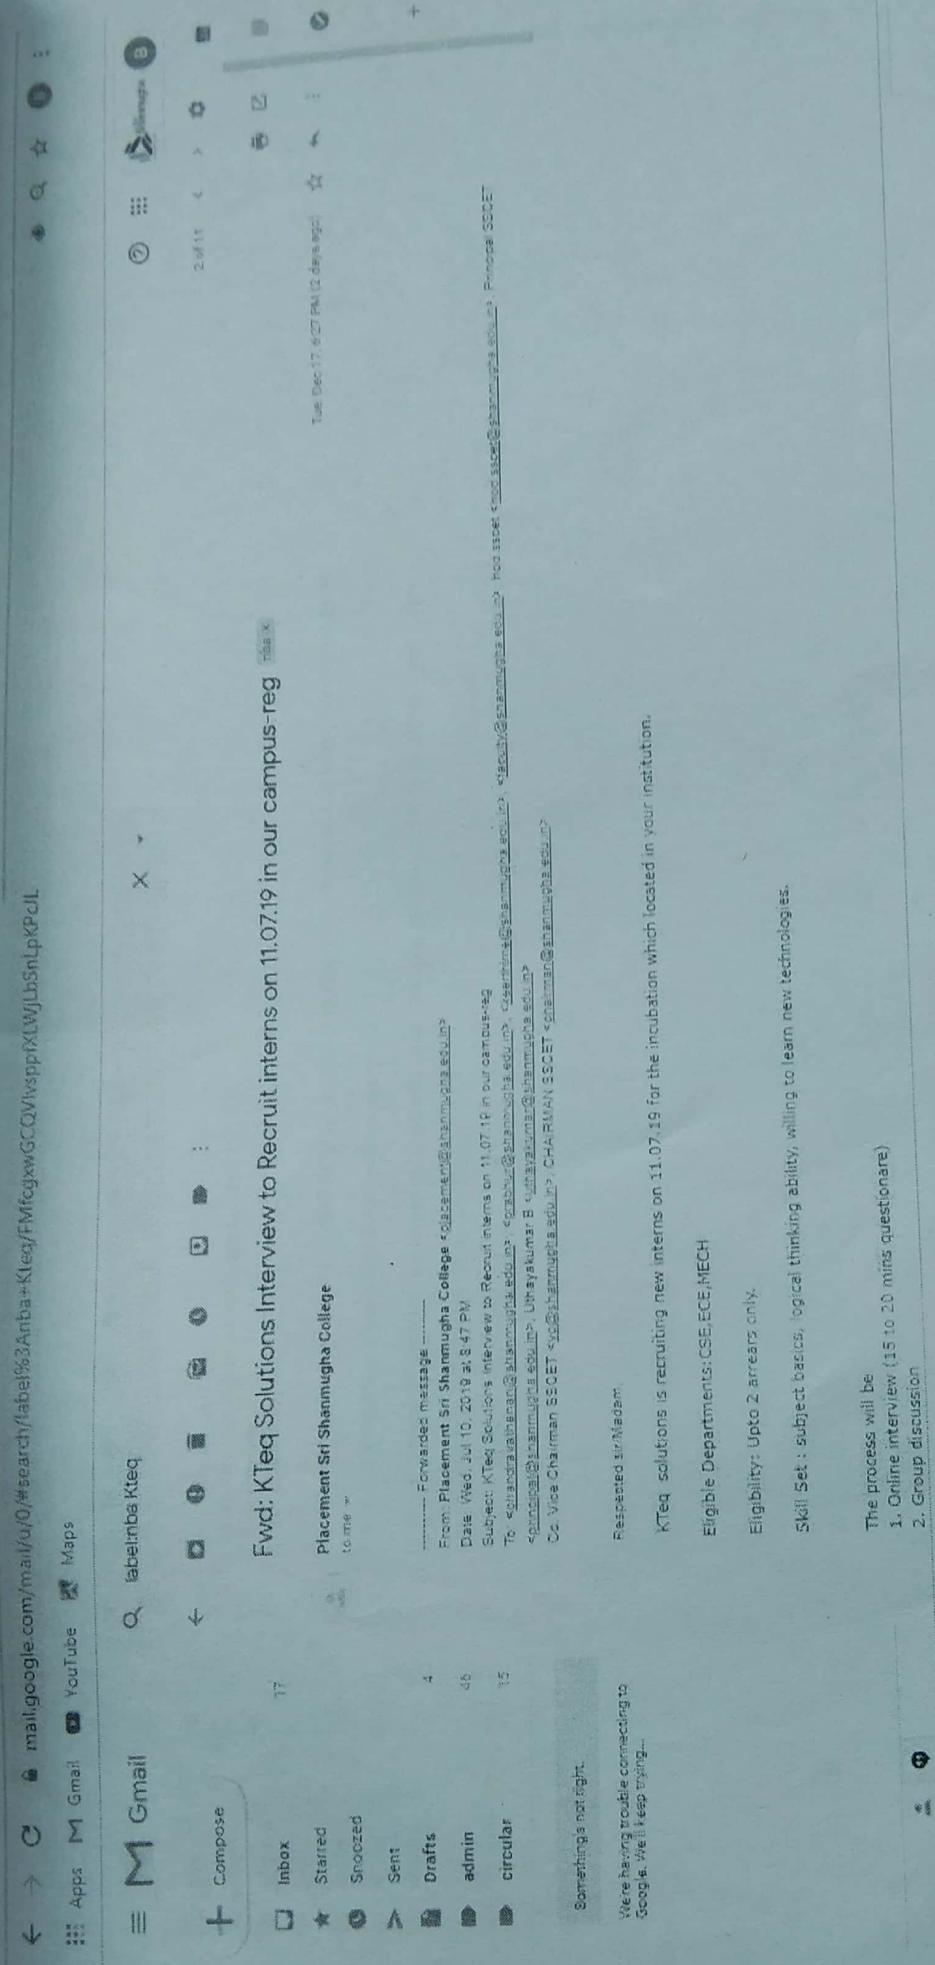

We are looking at recruiting new interns for our Salem branch, located in your institution. Kindly let us know if you can arrange for interview process tomorrow. We are focussing on students from Mech, CSE and Ece.

The process will be:

1. Online interview (15 to 20 mins questionnaire)

KTeq Solutions Interview to Recruit interns on 11.07.19 in our campus – Eligibility - reg

The process will be:

1. Online interview (15 to 20 mins questionare)
2. Group discussion
3. Face to face interview

They are planning for approximately 10 candidates. Candidates will be taken to second round only if they clear the first round.

The same informed to students and collected name list also already.

HoDs and Placement Coordinator are requested to allow the students for the selection process as per principal instruction.

Venue: Cse Computer lab & CAD lab for online exam.

Time: 10.30 am

Please do the needful.

Best Wishes

Sri Shanmuga - Placement Cell

Respected sir/madam,

Please ask the students to create mail id as given in the attachment . Use the given user id and Password as topspot@123 in Gmail. Student must complete this process today itself as company expected.

Guide the student to create this in their lab itself or otherwise send them computer lab 1.

Any queries call me 9047664340 -Muthaleh U
